Re: *United States v. Damion Hardy (Isa Ibn Jibril) and Aaron Granton*,
04-cr-00706(S-6)(DGT)

Dear Judge Trager:

We are writing, respectfully, and with the Government's consent, to request an additional 30-day extension of the date for filing the defense reply to the Government's memorandum on the issue of forcibly medicating Mr. Hardy in an effort to restore him to competency. If Your Honor approves, the defense submission would be due on or before October 12, 2010. Defense counsel do not anticipate the necessity of additional extensions.

Assuming the court grants the request, we would appreciate a so-ordered copy of this submission via fax to 973-746-1490.

The Court's attention to this matter is appreciated.

Respectfully yours,

Francisco E. Celedonio
